

# Products and Services MarketPlace

■ A guide to key products and services showcased at Satcom Africa 2013 in Johannesburg, South Africa from May 28-30, 2013.

## Amos Spacecom

Booth no. C3

[www.amos-spacecom.com](http://www.amos-spacecom.com)

**AMOS-Spacecom**, operator of the **AMOS-5** satellite located at **17°E**, delivers high-power pan-African C-band and Ku-band capacity with access to Europe and the

Middle East, enabling services throughout the entire African continent.

With **AMOS-3** and **AMOS-2** co-located at **4°W**, the scheduled launch of **AMOS-4** in 2013 over Russia and South Asia, and **AMOS-6** in 2014 with coverage over Europe and the Middle East, Spacecom will further enhance its position as a multi-regional satellite operator.

## ARABSAT

Booth no. A24

[www.arabsat.com](http://www.arabsat.com)

**Arabsat** is the leading provider of satellite communications to the Arab community in the Middle East & North Africa. Operating a growing fleet of satellites at the **20° East, 26° East, 30.5° East** and **34.5° East**, providing capacity to government & private TV channels, media entities and entertainment companies and providing coverage to more than 100 countries and millions of homes covering

the Middle East, Africa, Europe and Central Asia.

Arabsat connects the world via its global platform partnering with the world's leaders in satellite communications, enabling its customers to reach their final audience anytime and anywhere.

## O3b Networks

Booth no. B12

[www.o3bnetworks.com](http://www.o3bnetworks.com)

**O3b Networks Limited** is a global satellite service provider building a next-generation satellite network for telecommunications operators, Internet service providers, enterprise and government customers in emerging

markets. The O3b system will combine the global reach of satellite with the speed of a fiber-optic network providing billions of consumers and businesses in nearly 180 countries with low-cost, high-speed, low latency Internet and mobile connectivity. O3b Networks' investors include SES, Google, Liberty Global, HSBC Principal Investments, Northbridge Venture Partners, Allen & Company, Development Bank of Southern Africa, Sofina, Satya Capital and Luxempart. O3b Networks is headquartered in St. John, Jersey, Channel Islands.

With the historic launch of its first four satellites nearing (June 2013), O3b recently signed a major capacity deal with West Africa Telecom, one of Liberia's leading Internet Service Providers, and also announced a major long-term capacity deal providing highly resilient and affordable capacity to the leading ISP in the Democratic Republic of Congo.

## ND Satcom

Booth no. B11

[www.ndsatcom.com](http://www.ndsatcom.com)

**ND SatCom** is a technology innovator of broadcaster solutions. Our fully automated & IP enabled SmartSNG vehicle can be push-button operated by your camera person & controlled out of the News Room. Our Media Fleet Manager is an easy to use news production workflow tool to schedule, book online & automatically activate/deactivate DVB, IP, fiber optic, & microwave based feeds from news bureaus & SNG/ENG vehicles. Combining all aspects of broadcasting into a complete Media Network Solution.
